49-'a' **Short Office Note**

*Subject Scholarship in the Thomason Engg college, Roorkee

Letter No. 1724/61d 27/8/02, from the Director of Education in Mysore, recommending the grant of a scholarship of Rs 60 a month to one Venkatasubba setty,

Note now a student of Madras Engineering College

This appears to be the 1st instance in which a Mysore student has been selected for undergoing a course of electrical Engineering in the Roorkee College

Submitted to Secretary

HLS 29/8/02 There scholarships of 30 Rs each are given every year for studying Engg. No list for this year has not yet been received ~~It is generally received~~ from the College from Madras in January. The present proposal is to reduce the number of Ordinary Scholarships from 3 to 2, and to give the amount of 30 Rs for the 3rd ~~and~~ to a Student of the Civil

addition to the scholarship of Rs 30 which he already draws, to enable him to study Electrical Engineering in Roorkee.

Please see Notification No 33 d 27 th April 1902 sl No. 48 of the file subject

Three scholarships for this Engineering have been already opened by Notifn in the Gazette and it is doubtful whether it is desirable to reduce that number now to two.

The addition to Venkata Subba Chetty's scholarship may, it is respectfully submitted, be sanctioned as a special case, and met from a saving in the Education Budget

To

The Dewan, through the 2nd Councillor

Ad 10 Ad 29 Aug

Special inducement in the case of ordinary deserving students does not seem to be necessary now

3

It was when there
Engineering scholarships a year
were [redacted] instituted
Same year track - there
wasn't therefore the
money lost by reducing
the new year scholar-
- ships to two to start
enable Vermont to give
there 3rd new year
an additional 30 Rs
in view to her joining
the Rocky Valley &
receiving institution
in Electrical Engineering -
Sooner or later, we
may [redacted] discontinue
the ordinary Engineering
Scholarships altogether
I would say
under circumstances
the 2 yr. proposal, &
dividing that the
Engineering scholar-
- ships for the new year
[redacted] be reduced from
three to two -

Yours truly

Edn 81]

OFFICE OF THE
INSPECTOR GENERAL OF EDUCATION IN MYSORE,

No. 1724
61

BANGALORE 27th August 1902

From

H J BHABHA Esq Ma,
INSPECTOR GENERAL OF EDUCATION IN MYSORE

To 2265
Sgt
H. V. Nanjundayya Esq. Ma, BL,
Secretary to the Government of Mysore,
General & Revenue Departments,
Bangalore.

I have the honour to inform you that the Principal of the Madras Engineering College forwards an application from S Venkata Subba Setti B A, a Mysore Government Scholar in the First Year's class of the College for permission to join the Thomason Civil Engineering College Roorkee for the purpose of studying Electrical Engineering for a period of three years from 1st November 1902 to 31st July 1905, and for an increase of his scholarship from Rs 30 to 60 from 1st November 1902 The Madras Engineering College has the right to nominate one student for the Electrical Engineer Branch in the Roorkee College from its first year

class - Venkatasubba Setti is the only student of the class desirous of going to Roorkee The monthly expenses of a native student are estimated in the College calendar at Rs 66 a month during nine months of term time. As the Mysore Government are likely to find the services of an Electrical Engineer useful in future, I recommend that Sriram Venkata Subba Setti B A may be granted a scholarship of Rs 60 a month from 1st November 1902 to 31st July 1905 tenable in the Roorkee College on the usual conditions of his earning satisfactory reports from the College authorities and passing the periodical examinations

2 He holds now a scholarship of Rs 30 tenable for three years from 1st January 1902 which was sanctioned by Government Order No 1686S-6 dated 19th June 1901 X SE No 47 I would submit that this year in place of three Engineering scholarships tenable in Madras which have not yet been sanctioned, only two may be sanctioned. This diminution in the number of Madras Engineering scholarships will set free Rs 30 additional which are required for increasing Subba Setti's scholarship from Rs 30 to 60 a

month. The favour of an early reply is requested as Subba Setti has to send up his application for admission into the Roorkee College within about a fortnight.

I have the honour to be,
Sir,
Your most obedient servant,

A. J. Stubbs
Inspector General
